

Hello Helge,

I wanted to send you a sincere thank you for the time you spent with our small group during our visit to Wachenheim!

It was great to be able to visit a German town so rich with history and meet a resident who is so kind, knowledgeable and who speaks English fluently.

The wines we tasted at Zimmermann-winery were so delicious and I have enjoyed those I purchased! I found the explanations of how the wines were made and even how local fields differ where the grapes originate were most interesting.

Strolling through and shopping in the beautiful Wachenheim was great fun!

Visiting the Wachtenburg castle was also a highlight. The view from the top of the castle is breathtaking!

Anyone visiting Germany would have a great time on one of your tours and I highly recommend them to contact you.

With warm regards, also from Betsy and Ushio from Japan
